# Top 10 fulfillment areas that are doing well

Sum of Num Orders (Weekly\_Demand\_Data (Weekly\_Demand\_Data)) for each index broken down by Center Id. Color shows count of Weekly\_Demand\_Data (Weekly\_Demand\_Data (Weekly\_Demand\_Data)). The data is filtered on Center Id (Weekly\_Demand\_Data (Weekly\_Demand\_Data)) and Center Type. The Center Id (Weekly\_Demand\_Data (Weekly\_Demand\_Data)) filter keeps 10 of 77 members. The Center Type filter keeps TYPE\_A, TYPE\_B and TYPE\_C.

10 fulfillment areas  
that aren't doing well

Sum of Num Orders for each index broken down by Center Id. Color shows count of Weekly\_Demand\_Data. The data is filtered on Center Type (fulfilment\_center\_info+ (fulfilment\_center\_info)), which keeps TYPE\_A, TYPE\_B and TYPE\_C. The view is filtered on Center Id, which keeps 10 of 77 members.

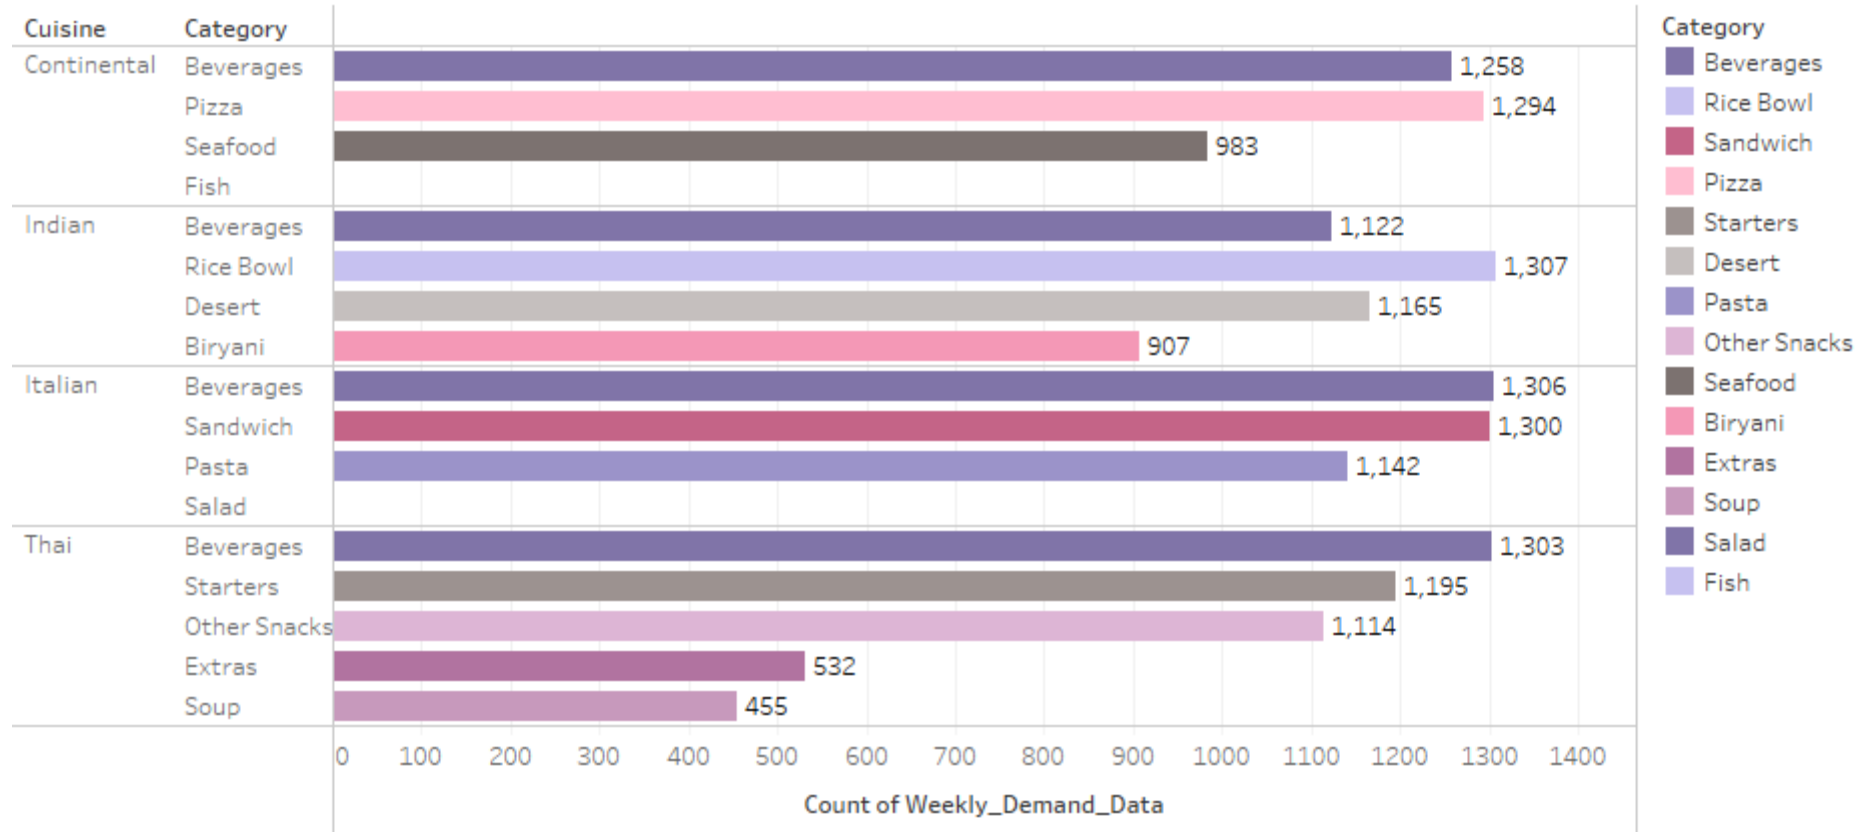

# The Demand of All center type as per center id

The Demand of All Center type as per Center id

Count of Weekly\_Demand\_Data for each Center Id. The data is filtered on Center Type (fulfilment\_center\_info+ (fulfilment\_center\_info)). which keeps TYPE\_A, TYPE\_B and TYPE\_C.

## The Demand of All Center Type as per measure values

The Demand of All Center type as per region code

Region Code (color) and count of Weekly\_Demand\_Data (Weekly\_Demand\_Data (Weekly\_Demand\_Data)) (size). The data is filtered on Center Type, which keeps TYPE\_A, TYPE\_B and TYPE\_C.

## The Demand of ALL center type as per cuisine

The Dashboard for level of Demand in each center type including product information.

The Demand of **All** Center type as per Center id

The Demand of **All** Center Type as per measure values

The Demand of **All** Center type as per region code

The Demand of **All** Center Type as per cuisine

The Dashboard to understand which fulfillment areas are doing well and which aren't.

### Top 10 fulfillment areas that are doing well
